Grade 10 Returning Student Course Requests

Student Name (print) _____ Grade in 2019-20 _____

Directions: This worksheet is to help you with your planning for the 2019-20 school year. Please use this worksheet as you consult with your current teachers, mentor, and parents about appropriate course requests. For course descriptions and prerequisites, please consult the online Curriculum Guide, located on the DeLaSalle website.

We encourage all students, particularly with college planning in mind, to request courses that will be challenging and yet realistically match the student's interests, work ethic, and schedule. Remember that the final enrollment of 2019-20 honors and AP classes will be subject to department and administrative approval and will be based upon classroom performance during the current school year.

All courses are year-long (two semesters in length) unless otherwise indicated on the back of this worksheet. One semester courses will be indicated with a (*). Courses that are either one or two semesters long are indicated with a (**).
