Directions: This worksheet is to help you with your planning for the 2019-20 school year. Please use this worksheet as you consult with your current teachers, mentor, and parents about appropriate course requests. For course descriptions and prerequisites, please consult the online Curriculum Guide, located on the DeLaSalle website.

We encourage all students, particularly with college planning in mind, to request courses that will be challenging and yet realistically match the student's interests, work ethic, and schedule.
